

UnitedHealthcare ALLIANCE HMO WITH HRA MEDICAL PLAN

What is the UHC Alliance Plan?

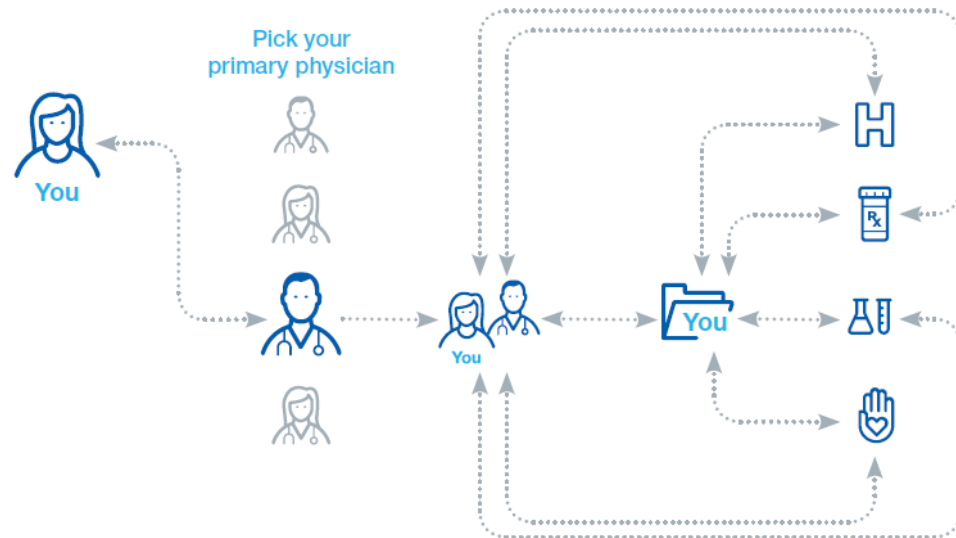

This is a health plan that offers access to physicians selected based on their ability to guide their patients to the care and resources that help promote better health outcomes and lower costs.

Alliance physicians are committed to using and sharing de-identified health data to advance best practices and help deliver the best care, every step of the way.

What is the HRA?

This plan has coupled with it a Health Reimbursement Account (HRA). When you enroll, you are issued a debit card that is loaded with **\$1,200** for you to use for your eligible expenses.

This card is funded 100% by VEBA.

Here is a side-by-side comparison of the Network 3 plan versus the Alliance plan.

The biggest difference is having a deductible to meet for certain services.

However, one of the most attractive components is the **\$1,200 HRA Fund** that you are given for expenses in the Alliance plan.

Coverage	UHC HMO Network 3	UHC Alliance HMO with HRA
Deductible (Individual/Family)	None	\$2,000 / \$2,000
Out-of-Pocket Max (Individual/Family)	\$5,000 / \$10,000	\$3,000 / \$6,000
HRA Fund	n/a	\$1,200
Office Visit	\$40	\$35
Specialist Visit	\$60	\$50
Inpatient Hospital	20%	Deductible + 20%
Complex Radiology (PET & MRI)	\$200	Deductible + 20%
Urgent Care	\$40	\$35
Emergency Room	\$300	\$300

SCENARIO ONE

Healthy Single Employee

- Preventive Care (no charge)
- Specialist Visit (see below)

	UHC 3	UHC Alliance
Specialist Visit	\$60	\$50
HRA Fund	n/a	(\$50)
Cost Paid	\$60	\$0

Note that in the UHC Alliance plan, this individual has only used \$50 of their \$1,200 HRA fund.

They still have \$1,150 for the rest of the year to help pay towards expenses.

Family Coverage

- Hospital Stay for Spouse
- \$20,000 Charge

Note in this scenario that the out-of-pocket maximums (OOPM) are significantly different between the two plans.

	UHC 3	UHC Alliance
Deductible	\$0	\$2,000
Coinsurance	\$4,000 (20% of charge)	\$1,000 (20% of charge up to Ind. OOPM)
HRA Fund	n/a	(\$1,200)
Cost Paid	\$4,000	\$1,800

	UHC 3	UHC Alliance
Individual	\$5,000	\$3,000
Family	\$10,000	\$6,000

In this scenario, enrollment in the UHC Alliance plan has met the \$3,000 individual OOPM (deductible + coinsurance) and the remainder of the year is at no cost (exception with Rx) for the spouse. In the UHC 3 plan, the spouse would still need to meet another \$1,000 in claims to meet the individual OOPM.

Switch! Enroll in a different medical plan

Ready to make the switch? Take these steps to finalize your enrollment.

1. Review the physician/medical group that you would like for yourself and any dependents you are enrolling on this plan. The link on how to find a physician was on the first slide. You and each of your dependents can have a different primary care physician. They just all have to be in the Alliance network.
2. Note the ID number for each primary care physician. You will need to enter that number in Workday.
3. Log into  workday.
4. The first page of enrollment is where you would choose “Medical – United Healthcare HMO Alliance With HRA 1200”. You would add your dependents on this same page.
5. If you have no other changes, continue through all the pages until you get to the final page where you review and approve your elections.

That’s it! You will receive your new medical cards in the mail. Separately, you will also be mailed your MasterCard debit payment card from Optum. Be sure not to throw those cards away! You will be given two cards automatically, both in your name.
